

SOFIA OUELLETTE

UNIVERSITY OF UTAH · CLASS OF 2030
DAVID ECCLES SCHOOL OF BUSINESS

In high school I took a front desk job at a busy salon and stayed three years, working my way up to manager and learning the business top to bottom, all while playing varsity sports every season. One job, three years, every part of the operation. That's how I learn.

WORK EXPERIENCE

Front Desk Manager, Salon 074 2023 - 2026
Three years in one job through high school. I ran the front desk of a busy salon: phones, emails, the appointment book, walk-ins, and the daily schedules of a full team of stylists. I trained new hires and ran the salon's social media. At close, I cleaned, because a welcoming space was part of the job. That job taught me consistency, leadership, and how to connect with anyone who walks through the door.
